NEW YORK--(BUSINESS WIRE)--Apr. 2, 2015-- American International Group, Inc. (NYSE:AIG) today announced that it has completed its acquisition of a controlling stake in NSM Insurance Group, a leading U.S. managing general agent and insurance program administrator, from ABRY Partners and NSM management. AIG's agreement to acquire the NSM stake was announced in March.

Based in Conshohocken, Pennsylvania, NSM Insurance Group is a recognized leader in insurance programs administration, well known for its unique development and implementation of programs for a broad range of niche customer segments. NSM has been managing certain insurance programs for AIG for more than 15 years and will continue to do so, while continuing to manage third party programs. AIG's investment was executed through a non-operating holding company, NSM Investments, Inc.

AIG's stake in NSM furthers its strategic goal of diversifying its product offerings and provides its customers with greater access to unique insurance programs.

"We are pleased to have completed this important addition to AIG and expansion of our already strong program insurance business," said Robert Schimek, AIG Senior Vice President and CEO of the Americas. "We look forward to working with the NSM management team to grow this business and bring more innovative solutions to our customers and to the market."
