March 23, 2022

NEW YORK--(BUSINESS WIRE)--Mar. 23, 2022-- AIG Life & Retirement today announced that it has received the Customer Experience Excellence Award from DALBAR, a leading independent expert for evaluating, auditing and rating business practices, customer performance, product quality and service.

DALBAR's Customer Experience Excellence Award is a recognition of a company's ability to deliver exceptional customer service across multiple channels and touchpoints, including statements, phone, mobile and website. AIG Life & Retirement is the only company to have won the Customer Experience Excellence Award in annuities, winning the award for three straight years and every year since its inception.

"Customer service is a core pillar of our business and something we dedicate ourselves to every day," said Gabriel Lopez, Chief Operations Officer, Individual Retirement, AIG Life & Retirement. "We are pleased to be recognized by DALBAR for the experience and service we provide to our customers and partners."

AIG Life & Retirement has received several additional awards from DALBAR and, in a reflection of consistency and reliability in customer service, has secured these honors for many years in a row. AIG Life & Retirement earned DALBAR's #1 ranking for variable annuity statements for the 21st consecutive year with DALBAR highlighting the new anniversary statements that AIG Life & Retirement launched last year to help financial professionals and their clients review and manage annuity income guarantees.

Additionally, AIG Life & Retirement won the Annuity Service Award for the 15th year in a row and was one of only two annuity providers this year to receive this recognition for the quality of their call center service. AIG Life & Retirement also has received DALBAR awards for Communications Excellence in annuities for its online financial professional experience for 13 consecutive years and for its mobile customer experience for three consecutive years.

"At AIG Life & Retirement, we are united in keeping our customers and distribution partners at the center of everything we do," said Patchen Uchiyama, Chief Customer Officer, Individual Retirement, AIG Life & Retirement. "We will continue to work across our organization to make the customer experience a top priority—maintaining what we have already achieved and raising what our customers and partners can expect."

DALBAR conducts in-depth evaluations and extensive audits to determine eligibility for their awards. The review process is based on industry-leading criteria that DALBAR has developed around their decades of customer experience research.
