Section 7 – Regulation FD

Item 7.01. Regulation FD Disclosure.

In September 2022, American International Group, Inc. ("AIG" or "we") closed on the initial public offering (the "IPO") of Corebridge Financial, Inc. ("Corebridge"), the holding company for AIG's former Life and Retirement business. Corebridge is traded on the New York Stock Exchange under the ticker symbol "CRBG." As of June 9, 2024 (the "Deconsolidation Date"), AIG held 48.4 percent of the outstanding common stock of Corebridge. On the Deconsolidation Date, AIG met the requirements for the deconsolidation of Corebridge for accounting purposes due to AIG's decision to waive its right to majority representation on the Corebridge Board of Directors (the "Board") and the resignation of one of AIG's designees from the Board.

After the Deconsolidation Date, the historical financial results of Corebridge, for all periods presented, are reflected in AIG's condensed consolidated financial statements as discontinued operations in accordance with generally accepted accounting principles in the United States of America ("US GAAP"). Accordingly, after the Deconsolidation Date: (i) AIG has elected the fair value option and will reflect its retained interest in Corebridge as an equity method investment using Corebridge's stock price as its fair value, (ii) dividends received from Corebridge and changes in its stock price will be a component of net investment income in AIG's US GAAP condensed consolidated financial statements and (iii) AIG's adjusted pre-tax income will include Corebridge dividends and exclude changes in the fair value of Corebridge's stock price.

As a result of the deconsolidation of Corebridge, we will no longer present the Life and Retirement segment in its entirety and will no longer include asset management within the Other Operations segment. Previously reported results for the General Insurance segment were not impacted by the deconsolidation of Corebridge. The selected financial information attached hereto as Exhibit 99.1 provides financial information to reflect:

1. AIG's historical Consolidated Statement of Operations with Corebridge as discontinued operations so that the recasted income(loss) from continuing operations solely represents the results of the remaining operations of AIG.
2. AIG's historical adjusted pre-tax income and adjusted after-tax income excluding discontinued operations, consistent with AIG's definitions of adjusted pre-tax income and adjusted after-tax income. The recasted adjusted pre-tax income and adjusted after-tax income solely represent the results of the remaining operations of AIG.
3. The historical results of the Other Operations segment excluding Corebridge so that the recasted results solely represent the results of the remaining operations of AIG. Note that the recasted results of the Other Operations segment remove Corebridge's corporate expenses, interest expense and asset management business (and related consolidations and eliminations) and include the results of certain legacy life reinsurance arrangements that were previously included in the Life and Retirement segment.

The information in this Item 7.01 and Exhibit 99.1 attached hereto shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section, nor shall it be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended, except as expressly set forth by specific reference in such filing.

American International Group, Inc.
Recast of AIG's Historical Results to present Corebridge as Discontinued Operations

In September 2022, American International Group, Inc. ("AIG") closed on the initial public offering (the "IPO") of Corebridge Financial, Inc. (Corebridge), the holding company for AIG's former Life & Retirement business. Corebridge is traded on the New York Stock Exchange under the ticker symbol "CRBG". As of June 9, 2024 (the "Deconsolidation Date"), AIG held 48.4 percent of the outstanding common stock of Corebridge. On the Deconsolidation Date, AIG met the requirements for the deconsolidation of Corebridge for accounting purposes due to AIG's decision to waive its right to majority representation on the Corebridge Board of Directors (the "Board") and the resignation of one of AIG's designees from the Board.

After the Deconsolidation Date, the historical financial results of Corebridge, for all periods presented, are reflected in AIG's condensed consolidated financial statements as discontinued operations in accordance with generally accepted accounting principles in the United States of America (US GAAP). Accordingly, after the Deconsolidation Date: (i) AIG has elected the fair value option and will reflect its retained interest in Corebridge as an equity method investment using Corebridge's stock price as its fair value, (ii) dividends received from Corebridge and changes in its stock price will be a component of net investment income in AIG's US GAAP condensed consolidated financial statements and (iii) AIG's adjusted pre-tax income will include Corebridge dividends and exclude changes in the fair value of Corebridge's stock price.

As a result of the deconsolidation of Corebridge, we will no longer present the Life and Retirement segment in its entirety and will no longer include asset management within the Other Operations segment. Previously reported results for the General Insurance segment were not impacted by the deconsolidation of Corebridge. The following pages provide financial information to reflect:

- (1) AIG's historical Consolidated Statement of Operations with Corebridge as discontinued operations so that the recasted income(loss) from continuing operations solely represents the results of the remaining operations of AIG.
- (2) AIG's historical adjusted pre-tax income and adjusted after-tax income excluding discontinued operations, consistent with AIG's definitions of adjusted pre-tax income and adjusted after-tax income. The recasted adjusted pre-tax income and adjusted after-tax income solely represent the results of the remaining operations of AIG.
- (3) The historical results of the Other Operations segment excluding Corebridge so that the recasted results solely represent the results of the remaining operations of AIG. Note that the recasted results of the Other Operations segment remove Corebridge's corporate expenses, interest expense and asset management business (and related consolidations and eliminations) and include the results of certain legacy life reinsurance arrangements that were previously included in the Life and Retirement segment.

Therefore, we reported the cumulative effect of the change in accounting principle within the Consolidated Statements of Income (Loss) for the year ended December 31, 2022 and did not retrospectively apply the effects of this change to prior periods.
