CAUTIONARY STATEMENT REGARDING PROJECTIONS AND OTHER INFORMATION ABOUT FUTURE EVENTS

This prospectus and the documents incorporated herein by reference, as well as other publicly available documents, may include, and AIG’s officers and representatives may from time to time make, projections concerning financial information and statements concerning future economic performance and events, plans and objectives relating to management, operations, products and services, and assumptions underlying these projections and statements. These projections and statements are not historical facts but instead represent only AIG’s belief regarding future events, many of which, by their nature, are inherently uncertain and outside AIG’s control. These projections and statements may address, among other things, the status and potential future outcome of the current regulatory and civil proceedings against AIG and their potential effect on AIG’s businesses, financial position, results of operations, cash flows and liquidity, the effect of the credit rating downgrades on AIG’s businesses and competitive position, the unwinding and resolving of various relationships between AIG and C.V. Starr & Co., Inc. and Starr International Company, Inc. and AIG’s strategy for growth, product development, market position, financial results and reserves. It is possible that AIG’s actual results and financial condition may differ, possibly materially, from the anticipated results and financial condition indicated in these projections and statements. Factors that could cause AIG’s actual results to differ, possibly materially, from those in the specific projections and statements are discussed throughout Management’s Discussion and Analysis of Financial Condition and Results of Operations in Item 7, Part II of AIG’s Annual Report on Form 10-K/A for the fiscal year ended December 31, 2005 and “Risk Factors” in Item 1A, Part I of AIG’s Annual Report on Form 10-K for the fiscal year ended December 31, 2005 and in AIG’s Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2006. AIG is not under any obligation (and expressly disclaims any such obligations) to update or alter any projection or other statement, whether written or oral, that may be made from time to time, whether as a result of new information, future events or otherwise.

LISTING OF THE NOTES ON THE IRISH STOCK EXCHANGE

The old notes were and the new notes will be admitted to the Official List and traded on the regulated market of the Irish Stock Exchange. AIG prepared a prospectus pursuant to Article 5.3 of the Prospectus Directive (the "EU Prospectus"), dated September 29, 2005, for the purpose of seeking such admission. Copies of the EU Prospectus may be obtained from the Irish Stock Exchange.

The European Union Transparency Obligations Directive (the "Directive") may be implemented in a manner which could be unduly burdensome for U.S. companies, such as AIG. In particular, AIG may be required to prepare its financial statements in accordance with International Financial Reporting Standards. AIG will use all reasonable endeavours to maintain the listing of the notes, and Noteholders should be aware that, in circumstances where a listing on the Irish Stock Exchange would require preparation of financial statements in accordance with standards other than U.S. GAAP, or in any other circumstances where the Directive is implemented in a manner that, in the opinion of AIG, and as agreed by the Trustee, is unduly burdensome, the notes may be de-listed. In such cases, AIG may, but will not be obliged to, seek an alternative listing for the notes on a stock exchange outside the European Union. However, if such an alternative listing is not available to AIG or is, in the opinion of AIG, unduly burdensome, an alternative listing for the notes may not be obtained. Although no assurance is made as to the liquidity of the notes as a result of their listing on the Irish Stock Exchange, delisting the notes from the Irish Stock Exchange may have a material effect on the ability of noteholders to resell the notes in the secondary market.

RISK FACTORS

Before tendering old notes in the exchange offer, you should consider carefully each of the following risks and all other information contained in this prospectus. See "Risk Factors" in AIG's Annual Report on Form 10-K for the fiscal year ended December 31, 2005 and Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2006 for a discussion of additional risk factors related to AIG.

If you fail to exchange the old notes, they will remain subject to transfer restrictions

Any old notes that remain outstanding after this exchange offer will continue to be subject to restrictions on their transfer. After this exchange offer, holders of old notes will not have any further rights to have their old notes exchanged for new notes or registered under the Securities Act. The liquidity of the market for old notes that are not exchanged could be adversely affected by this exchange offer and you may be unable to sell your old notes.

Late deliveries of old notes and other required documents could prevent a holder from exchanging its old notes

Noteholders are responsible for complying with all exchange offer procedures. The issuance of new notes in exchange for old notes will only occur upon completion of the procedures described in this prospectus under "The Exchange Offer." Therefore, holders of old notes who wish to exchange them for new notes should allow sufficient time for timely completion of the exchange procedure. Neither we nor the exchange agent are obligated to extend the offer or notify you of any failure to follow the proper procedure.

If you are a broker-dealer, your ability to transfer the new notes may be restricted

A broker-dealer that purchased old notes for its own account as part of market-making or trading activities must deliver a prospectus when it sells the new notes. Our obligation to make this prospectus available to broker-dealers is limited. Consequently, we cannot guarantee that a proper prospectus will be available to broker-dealers wishing to resell their new notes.

There has not been, and there may not be, a public market for the new notes

The new notes are a new issuance of securities. There can be no assurance as to the development of any market or the liquidity of any market that may develop for the new notes. The liquidity of, and trading markets for, the new notes may also be adversely affected by general economic conditions and by our financial performance.

USE OF PROCEEDS

We will not receive any proceeds from the exchange offer. In consideration for issuing the new notes, we will receive old notes from you in the same principal amount. The old notes surrendered in exchange for the new notes will be retired and canceled and cannot be reissued. Accordingly, issuance of the new notes will not result in any change in our indebtedness.

CONSOLIDATED RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth the historical ratios of earnings to fixed charges of AIG and its consolidated subsidiaries for the periods indicated. For more information on our consolidated ratios of earnings to fixed charges, see our Annual Report on Form 10-K for the fiscal year ended December 31, 2005 and our Quarterly

Report on Form 10-Q for the quarterly period ended March 31, 2006, both of which are incorporated by reference into this prospectus as described under “Where You Can Find More Information.”

Three Months Ended March 31,		Year Ended December 31,				
2006	2005	2005	2004	2003	2002	2001
3.44	4.22	3.01	3.42	3.03	2.55	2.02

Earnings represent:

- Income from operations before income taxes and adjustments for minority interest, cumulative effect of accounting changes, less income/loss from equity investees

plus

- Fixed charges other than capitalized interest
- Amortization of capitalized interest
- The distributed income of equity investees

less

- The minority interest in pre-tax income of subsidiaries that do not have fixed charges.

Fixed charges include:

- Interest, whether expensed or capitalized
- Amortization of debt issuance costs
- One-third of rental expense. Our management believes this is representative of the interest factor.

As of the date of this prospectus, we have no preferred stock outstanding.

THE EXCHANGE OFFER

The following summary of the exchange and registration rights agreement and letter of transmittal is not complete and is subject to, and is qualified in its entirety by, all of the provisions of the exchange and registration rights agreement and the letter of transmittal, each of which is filed as an exhibit to the registration statement of which this prospectus is part.

Purpose and Effect of Exchange Offer; Registration Rights

We are offering to exchange our 4.700% Notes Due 2010 and 5.050% Notes Due 2015, which have been registered under the Securities Act and which we refer to as the new notes, for our outstanding 4.700% Notes Due 2010 and 5.050% Notes Due 2015, which have not been so registered and which we refer to as the old notes. We refer to this exchange offer as the exchange offer.

The old notes were purchased by Citigroup Global Markets Inc. and Lehman Brothers Inc., whom we refer to as the initial purchasers, on September 30, 2005 for resale to qualified institutional buyers in compliance with Rule 144A under the Securities Act and outside of the United States in compliance with Regulation S under the Securities Act. In connection with the sale of the old notes, we and the initial purchasers entered into an exchange and registration rights agreement, dated September 30, 2005, which requires us, among other things,

- to file with the SEC an exchange offer registration statement under the Securities Act with respect to new notes identical in all material respects to the old notes, to use commercially reasonable efforts to cause this registration statement to be declared effective under the Securities Act and to make an exchange offer for the old notes as discussed below, or

- in very limited circumstances to register the old notes on a shelf registration statement under the Securities Act.

We are obligated, upon the effectiveness of the exchange offer registration statement referred to above, to offer the holders of the old notes the opportunity to exchange their old notes for a like principal amount of new notes which will be issued without a restrictive legend and may be reoffered and resold by the holder generally without restrictions or limitations under the Securities Act. The exchange offer is being made pursuant to the exchange and registration rights agreement to satisfy our obligations under that agreement.

The old notes and the exchange and registration rights agreement provide, among other things, that if we default in our obligations to take certain steps to make the exchange offer within the time periods specified in the notes and the registration rights agreement, the interest rate on the old notes will initially increase by .125% and after 90 days (if the default continues) by .25%, the maximum additional annual interest rate, until the default is remedied.

Under the terms of the old notes and the registration rights agreement, additional interest accrues on the old notes until the exchange offer is completed. However, once the exchange offer is completed, no additional interest will accrue on any old note.

Terms of the Exchange Offer

For each of the old notes properly surrendered and not withdrawn before the expiration date of the exchange offer, a new note having a principal amount equal to that of the surrendered old note will be issued.

The form and terms of the new notes will be the same as the form and terms of the old notes of that series except that:

- the new notes will be registered under the Securities Act and, therefore, the global securities representing the new notes will not bear legends restricting the transfer of interests in the new notes; and
- the new notes will not contain provisions for payment of additional interest in case of non-registration.

You may tender old notes only in minimum denominations of \$100,000 and integral multiples of \$1,000 in excess thereof; *provided, however*, that a note in a principal amount of less than \$200,000 may not be tendered in part.

The new notes will evidence the same indebtedness as the old notes they replace, and will be issued under, and be entitled to the benefits of, the same indenture that authorized the issuance of the old notes. As a result, each series of old notes and the respective replacement new notes will be treated as a single series of notes under the indenture.

No interest will be paid in connection with the exchange. The new notes will bear interest from and including the last interest payment date on which interest has been paid on the old notes. Accordingly, the holders of old notes that are accepted for exchange will not receive accrued but unpaid interest on old notes at the time of tender. Rather, that interest will be payable on the new notes delivered in exchange for the old notes on the first interest payment date after the expiration date.

We intend to conduct the exchange offer in accordance with the provisions of the exchange and registration rights agreement and the applicable requirements of the Securities Exchange Act of 1934 and the related rules and regulations of the SEC thereunder.

Under existing SEC interpretations, the new notes would generally be freely transferable after the exchange offer without further registration under the Securities Act, except that broker-dealers receiving the new notes in the exchange offer will be subject to a prospectus delivery requirement with respect to their resale. This view is based on interpretations by the staff of the SEC in no-action letters issued to other issuers in exchange offers like this one. We have not, however, asked the SEC to consider this particular exchange offer in the context of a no-action letter. Therefore, the SEC might not treat it in the same way it has treated other exchange offers in the past. You will be relying on the no-action letters that the SEC has issued to third

parties in circumstances that we believe are similar to ours. Based on these no-action letters, the following conditions must be met:

- you must not be a broker-dealer that acquired the old notes from us or in market-making transactions;
- you must acquire the new notes in the ordinary course of your business;
- you must have no arrangements or understandings with any person to participate in the distribution of the new notes within the meaning of the Securities Act; and
- you must not be an affiliate of ours, as defined in Rule 405 of the Securities Act.

If you wish to exchange old notes for new notes in the exchange offer you must represent to us that you satisfy all of the above listed conditions. If you do not satisfy all of the above listed conditions:

- you cannot rely on the position of the SEC set forth in the no-action letters referred to above; and
- you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a resale of the new notes.

The SEC considers broker-dealers that acquired old notes directly from us, but not as a result of market-making activities or other trading activities, to be making a distribution of the new notes if they participate in the exchange offer. Consequently, these broker-dealers must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a resale of the new notes.

A broker-dealer that has bought old notes for market-making or other trading activities must deliver a prospectus in order to resell any new notes it receives for its own account in the exchange offer. The SEC has taken the position that broker-dealers may fulfill their prospectus delivery requirements with respect to the new notes by delivering the prospectus contained in the registration statement for the exchange offer. This prospectus may be used by a broker-dealer to resell any of its new notes. We have agreed in the exchange and registration rights agreement to send a prospectus to any broker-dealer that requests copies in the notice and questionnaire included in the letter of transmittal accompanying the prospectus for a period of up to 30 days after the date of expiration of this exchange offer.

Unless you are required to do so because you are a broker-dealer, you may not use this prospectus for an offer to resell, resale or other retransfer of new notes. We are not making this exchange offer to, nor will we accept tenders for exchange from, holders of old notes in any jurisdiction in which the exchange offer or the acceptance of it would not be in compliance with the securities or blue sky laws of that jurisdiction.

Expiration Date; Extensions; Amendments

The expiration date for the exchange offer is 5:00 p.m., New York City time, on _____, 2006. We may extend this expiration date in our sole discretion. If we so extend the expiration date, the term “expiration date” shall mean the latest date and time to which we extend the exchange offer.

We reserve the right, in our sole discretion:

- to delay accepting any old notes;
- to extend the exchange offer;
- to terminate the exchange offer if, in our sole judgment, any of the conditions described below under “— Conditions to the Exchange Offer” shall not have been satisfied; or
- to amend the terms of the exchange offer in any way we determine is advantageous to holders of the old notes or which is not a material change to the terms of the exchange offer.

We will give oral or written notice of any delay, extension or termination to the exchange agent. In addition, we will give, as promptly as practicable, oral or written notice regarding any delay in acceptance, extension or termination of the offer to the registered holders of old notes. If we amend the exchange offer in a manner that we determine to constitute a material change, or if we waive a material condition, we will

promptly disclose the amendment or waiver in a manner reasonably calculated to inform the holders of old notes of the amendment or waiver, and extend the offer if required by law.

We intend to make public announcements of any delay in acceptance, extension, termination, amendment or waiver regarding the exchange offer through a timely release to a financial news service.

Conditions to the Exchange Offer

We will not be required to accept for exchange, or exchange new notes for, any old notes, and we may terminate the exchange offer as provided in this prospectus before the acceptance of the old notes, if:

- any law, rule or regulation shall have been proposed, adopted or enacted, or interpreted in a manner, which, in our judgment, would impair our ability to proceed with the exchange offer;
- any action or proceeding is instituted or threatened in any court or by the SEC or any other governmental agency with respect to the exchange offer which, in our judgment, would impair our ability to proceed with the exchange offer;
- we have not obtained any governmental approval which we, in our sole discretion, consider necessary for the completion of the exchange offer as contemplated by this prospectus;
- any change, or any condition, event or development involving a prospective change, shall have occurred or be threatened in the general economic, financial, currency exchange or market conditions in the United States or elsewhere that, in our judgment, would impair our ability to proceed with the exchange offer;
- any other change or development, including a prospective change or development, that, in our judgment, has or may have a material adverse effect on us, the market price of the new notes or the old notes or the value of the exchange offer to us; or
- there shall have occurred (i) any suspension or limitation of trading in securities generally on the New York Stock Exchange or the over-the-counter market; (ii) a declaration of a banking moratorium by United States Federal or New York authorities; or (iii) a commencement or escalation of a war or armed hostilities involving or relating to a country where we do business or other international or national emergency or crisis directly or indirectly involving the United States.

The conditions listed above are for our sole benefit and we may assert them regardless of the circumstances giving rise to any of these conditions. We may waive these conditions in our sole discretion in whole or in part at any time and from time to time. A failure on our part to exercise any of the above rights shall not constitute a waiver of that right, and that right shall be considered an ongoing right which we may assert at any time and from time to time.

If we determine in our sole discretion that any of the events listed above has occurred, we may, subject to applicable law:

- refuse to accept any old notes and return all tendered old notes to the tendering holders;
- extend the exchange offer and retain all old notes tendered before the expiration of the exchange offer, subject, however, to the rights of holders to withdraw these old notes; or
- waive unsatisfied conditions relating to the exchange offer and accept all properly tendered old notes which have not been withdrawn.

Any determination by us concerning the above events will be final and binding.

In addition, we reserve the right in our sole discretion to:

- purchase or make offers for any old notes that remain outstanding subsequent to the expiration date; and
- purchase old notes in the open market, in privately negotiated transactions or otherwise.

The terms of any such purchases or offers may differ from the terms of the exchange offer.

Procedures For Tendering

Except in limited circumstances, only a DTC participant listed on a DTC securities position listing with respect to the old notes may tender old notes in the exchange offer. To tender old notes in the exchange offer:

- you must instruct DTC and a DTC participant by completing the form “Instruction to Registered Holder From Beneficial Owner” accompanying this prospectus of your intention whether or not you wish to tender your old notes for new notes; or
- you must comply with the guaranteed delivery procedures described below; and
- DTC participants in turn need to follow the procedures for book-entry transfer as set forth below under “— Book-Entry Transfer” and in the letter of transmittal.

By tendering, you will make the representations described below under “— Representations on Tendering Old Notes.” In addition, each participating broker-dealer must acknowledge that it will deliver a prospectus in connection with any resale of the new notes. See “Plan of Distribution.” The tender by a holder of old notes will constitute an agreement between that holder and us in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal.

The method of delivery of old notes, the letter of transmittal and all other required documents or transmission of an agent’s message, as described under “— Book-Entry Transfer,” to the exchange agent is at the election and risk of the tendering holder of old notes. Instead of delivery by mail, we recommend that holders use an overnight or hand delivery service. In all cases, sufficient time should be allowed to assure timely delivery to the exchange agent prior to the expiration of the exchange offer. No letter of transmittal or old notes should be sent to us or DTC. Delivery of documents to DTC in accordance with its procedures does not constitute delivery to the exchange agent.

Signatures on a letter of transmittal or a notice of withdrawal, as described in “— Withdrawal of Tenders” below, must be guaranteed by a member of the New York Stock Exchange Medallion Signature Program or an “eligible guarantor institution,” within the meaning of Rule 17Ad-15 under the Exchange Act, which we refer to together as eligible institutions, unless the old notes are tendered for the account of an eligible institution.

We will determine in our sole discretion all questions as to the validity, form, eligibility, including time of receipt, and acceptance and withdrawal of tendered old notes. We reserve the absolute right to reject any and all old notes not properly tendered or any old notes whose acceptance by us would, in the opinion of our counsel, be unlawful. We also reserve the right to waive any defects, irregularities or conditions of tender as to any particular old notes either before or after the expiration date. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, holders must cure any defects or irregularities in connection with tenders of old notes within a period we determine. Although we intend to request the exchange agent to notify holders of defects or irregularities relating to tenders of old notes, neither we, the exchange agent nor any other person will have any duty or incur any liability for failure to give this notification. We will not consider tenders of old notes to have been made until these defects or irregularities have been cured or waived. The exchange agent will return any old notes that are not properly tendered and as to which the defects or irregularities have not been cured or waived to the tendering holders, unless otherwise provided in the letter of transmittal, as soon as practicable following the expiration date.

Book-Entry Transfer

We understand that the exchange agent will make a request promptly after the date of this prospectus to establish accounts with respect to the old notes at DTC for the purpose of facilitating the exchange offer. Any financial institution that is a participant in DTC’s system may make book-entry delivery of old notes by causing DTC to transfer such old notes into the exchange agent’s DTC account in accordance with DTC’s

electronic Automated Tender Offer Program procedures for such transfer. The exchange of new notes for tendered old notes will only be made after timely:

- confirmation of book-entry transfer of the old notes into the exchange agent's account; and
- receipt by the exchange agent of an executed and properly completed letter of transmittal or an "agent's message" and all other required documents specified in the letter of transmittal.

The confirmation, letter of transmittal or agent's message and any other required documents must be received at the exchange agent's address listed below under "— Exchange Agent" on or before 5:00 p.m., New York time, on the expiration date of the exchange offer, or, if the guaranteed delivery procedures described below are complied with, within the time period provided under those procedures.

As indicated above, delivery of documents to DTC in accordance with its procedures does not constitute delivery to the exchange agent.

The term "agent's message" means a message, transmitted by DTC and received by the exchange agent and forming part of the confirmation of a book-entry transfer, which states that DTC has received an express acknowledgment from a participant in DTC tendering old notes stating:

- the aggregate principal amount of old notes which have been tendered by the participant;
- that such participant has received an appropriate letter of transmittal and agrees to be bound by the terms of the letter of transmittal and the terms of the exchange offer; and
- that we may enforce such agreement against the participant.

Delivery of an agent's message will also constitute an acknowledgment from the tendering DTC participant that the representations contained in the letter of transmittal and described below under "Representations on Tendering Old Notes" are true and correct.

Guaranteed Delivery Procedures

The following guaranteed delivery procedures are intended for holders who wish to tender their old notes but:

- the holders cannot deliver the letter of transmittal or any required documents specified in the letter of transmittal before the expiration date of the exchange offer; or
- the holders cannot complete the procedure under DTC's standard operating procedures for electronic tenders before expiration of the exchange offer.

The conditions that must be met to tender old notes through the guaranteed delivery procedures are as follows:

- the tender must be made through an eligible institution;
- before expiration of the exchange offer, the exchange agent must receive from the eligible institution either a properly completed and duly executed notice of guaranteed delivery in the form accompanying this prospectus, by facsimile transmission, mail or hand delivery, or a properly transmitted agent's message in lieu of notice of guaranteed delivery:
 - setting forth the name and number of the account at DTC and the principal amount of old notes tendered;
 - stating that the tender is being made by guaranteed delivery;
- guaranteeing that, within three business days after expiration of the exchange offer, the letter of transmittal, or facsimile of the letter of transmittal, or an agent's message and a confirmation of a book-entry transfer of the old notes into the exchange agent's account at DTC, and any other documents required by the letter of transmittal will be deposited by the eligible institution with the exchange agent; and

- the exchange agent must receive the properly completed and executed letter of transmittal, or facsimile of the letter of transmittal or an agent's message in the case of a book-entry transfer, as well as a confirmation of book-entry transfer of the old notes into the exchange agent's account, and any other documents required by the letter of transmittal, within three business days after expiration of the exchange offer.

Upon request to the exchange agent, a notice of guaranteed delivery will be sent to holders who wish to tender their old notes according to the guaranteed delivery procedures set forth above.

Representations on Tendering Old Notes

By surrendering old notes in the exchange offer, you will be representing that, among other things:

- you are acquiring the new notes issued in the exchange offer in the ordinary course of your business;
- you are not participating, do not intend to participate and have no arrangement or understanding with any person to participate, in the distribution of the new notes issued to you in the exchange offer;
- you are not an affiliate, as defined in Rule 405 under the Securities Act, of AIG;
- you have full power and authority to tender, exchange, assign and transfer the old notes tendered;
- we will acquire good, marketable and unencumbered title to the old notes being tendered, free and clear of all security interests, liens, restrictions, charges, encumbrances, or other obligations relating to their sale or transfer, and not subject to any adverse claim when the old notes are accepted by us; and
- you acknowledge and agree that if you are a broker-dealer registered under the Exchange Act or you are participating in the exchange offer for the purposes of distributing the new notes, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale of the new notes, and you cannot rely on the position of the SEC's staff in their no-action letters.

If you are a broker-dealer and you will receive new notes for your own account in exchange for old notes that were acquired as a result of market-making activities or other trading activities, you will be required to acknowledge in the letter of transmittal that you will deliver a prospectus in connection with any resale of the new notes. The letter of transmittal states that, by delivering a prospectus, a broker-dealer will not be deemed to be an "underwriter" within the meaning of the Securities Act. See also "Plan of Distribution."

Withdrawal of Tenders

Your tender of old notes pursuant to the exchange offer is irrevocable except as otherwise provided in this section. You may withdraw tenders of old notes at any time prior to 5:00 p.m., New York time, on the expiration date.

For a withdrawal to be effective for DTC participants, holders must comply with their respective standard operating procedures for electronic tenders and the exchange agent must receive an electronic notice of withdrawal from DTC.

Any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawn old notes and otherwise comply with the procedures of DTC. We will determine in our sole discretion all questions as to the validity, form and eligibility, including time of receipt, for such withdrawal notices, and our determination shall be final and binding on all parties. Any old notes so withdrawn will be deemed not to have been validly tendered for purposes of the exchange offer and no new notes will be issued with respect to them unless the old notes so withdrawn are validly retendered. Any old notes which have been tendered but which are not accepted for exchange will be returned to the holder without cost to such holder as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn old notes may be re-tendered by following the procedures described above under "— Procedures For Tendering" at any time prior to the expiration date.

Delivery of a letter of transmittal to any address or facsimile number other than the one set forth above will not constitute a valid delivery.

Fees and Expenses

We will not make any payments to brokers, dealers or other persons soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and will reimburse it for its related reasonable out-of-pocket expenses. We may also pay brokerage houses and other custodians, nominees and fiduciaries the reasonable out-of-pocket expenses incurred by them in forwarding copies of this prospectus, letters of transmittal and related documents to the beneficial owners of the old notes and in handling or forwarding tenders for exchange.

Holders who tender their old notes for exchange will not be obligated to pay any transfer taxes. If, however, a transfer tax is imposed for any reason other than the exchange of old notes in connection with the exchange offer, then the tendering holder must pay the amount of any transfer taxes due, whether imposed on the registered holder or any other persons. If the tendering holder does not submit satisfactory evidence of payment of these taxes or exemption from them with the letter of transmittal, the amount of these transfer taxes will be billed directly to the tendering holder.

Consequences of Failure to Properly Tender Old Notes in the Exchange

We will issue the new notes in exchange for old notes under the exchange offer only after timely receipt by the exchange agent of the old notes, a properly completed and duly executed letter of transmittal and all other required documents. Therefore, holders of the old notes desiring to tender old notes in exchange for new notes should allow sufficient time to ensure timely delivery. We are under no duty to give notification of defects or irregularities of tenders of old notes for exchange. Old notes that are not tendered or that are tendered but not accepted by us will, following completion of the exchange offer, continue to be subject to the existing restrictions upon transfer under the Securities Act.

Participation in the exchange offer is voluntary. In the event the exchange offer is completed, we will not be required to register the remaining old notes. Remaining old notes will continue to be subject to the following restrictions on transfer:

- holders may resell old notes only if an exemption from registration is available or, outside the U.S., to non-U.S. persons in accordance with the requirements of Regulation S under the Securities Act; and
- the remaining old notes will bear a legend restricting transfer in the absence of registration or an exemption.

To the extent that old notes are tendered and accepted in connection with the exchange offer, any trading market for remaining old notes could be adversely affected.

DESCRIPTION OF THE NEW NOTES

General

The old notes were and the new notes will be issued under an indenture, dated as of July 15, 1989, between us and The Bank of New York, as trustee, as supplemented by the First Supplemental Indenture on May 15, 2003 and by the Second Supplemental Indenture on September 30, 2005. The following summary of certain provisions of the new notes and the indenture does not purport to be complete and is subject, and qualified in its entirety by reference to, all of the provisions of the notes and the indenture, including the definitions of terms therein. See “Where You Can Find More Information” for information on how to obtain a copy of the indenture.

The old notes were and the new notes will be issued in fully registered form in a minimum denomination of \$100,000 and integral multiples of \$1,000 in excess thereof and will be represented by global notes (as defined below) registered in the name of DTC, as described in “— Book-Entry System” below.

The notes will be unsecured senior obligations of AIG and will rank equally with all of our other unsecured senior indebtedness.

The old notes were and the new notes will be issued in two separate series, which we refer to as the 5 year notes and the 10 year notes. The new 5 year notes and the new 10 year notes will be identical in all material respects to the old 5 year notes and the old 10 year notes, respectively, except that the registration rights and the related additional interest provisions and transfer restrictions applicable to the old notes do not apply to the new notes. The new 5 year notes and the old 5 year notes and the new 10 year notes and the old 10 year notes will each constitute a single series for all purposes under the indenture. To the extent any old notes are not exchanged for new notes, those old notes will remain outstanding under the indenture and will rank *pari passu* with the new notes of that series. We refer to the old notes and the new notes of each series collectively as the 5 year notes and the 10 year notes.

Principal, Maturity and Interest

The new 5 year notes will be issued in an aggregate principal amount of up to \$500,000,000 and the new 10 year notes will be issued in an aggregate principal amount of up to \$1,000,000,000. We may, without the consent of the holders of the notes, increase the principal amount of such notes in the future on the same terms and conditions (except that the issue price and issue date may vary) and with the same CUSIP numbers, ISIN and common code as notes of that series being offered by this prospectus.

The new 5 year notes will bear interest at 4.700% per annum and will mature on October 1, 2010. The new 10 year notes will bear interest at 5.050% per annum and will mature on October 1, 2015. Interest on the new 5 year notes and the new 10 year notes will be payable on the notes semiannually in arrears on April 1 and October 1 of each year to holders of record on the immediately preceding March 15 and September 15. Interest on the new notes will be computed on the basis of a 360-day year comprised of twelve 30-day months. On the maturity date of the new notes, holders will be entitled to receive 100% of the principal amount of the new notes plus accrued and unpaid interest, if any. The new notes do not provide for any sinking fund.

For so long as the new notes are issued in book-entry form, payments of principal and interest will be made in immediately available funds by wire transfer to DTC or its nominee. We may issue definitive notes in the limited circumstances set forth in “— Book-Entry System” below.

Optional Redemption

We will have the right to redeem each series of the notes, in whole or in part, at any time, at a redemption price equal to the greater of

- 100% of the principal amount of the applicable notes, or
- as determined by the quotation agent, the sum of the present values of the remaining scheduled payments of principal and interest thereon (not including any portion of such payments of interest)

accrued as of the date of redemption) discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the adjusted treasury rate, plus

- 10 basis points in the case of the 5 year notes, or
- 12.5 basis points in the case of the 10 year notes

plus, in each case, accrued interest thereon to the date of redemption.

The definitions of certain terms used in the paragraph above are listed below.

Adjusted treasury rate means, with respect to any redemption date, the rate per annum equal to the semiannual equivalent yield to maturity of the comparable treasury issue, assuming a price for the comparable treasury issue (expressed as a percentage of its principal amount) equal to the comparable treasury price for such redemption date.

Comparable treasury issue means the U.S. Treasury security selected by the quotation agent as having a maturity comparable to the remaining term of the notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such notes.

Comparable treasury price means, with respect to any redemption date, the average of the reference treasury dealer quotations for such redemption date.

Quotation agent means AIG Financial Products Corp.

Reference treasury dealer means

- each of Citigroup Global Markets Inc. and Lehman Brothers Inc., or its respective successors; provided, however, that if any of the foregoing shall cease to be a primary U.S. government securities dealer in New York City (a "primary treasury dealer"), we will substitute therefor another primary treasury dealer; and
- any other primary treasury dealer selected by the quotation agent after consultation with us.

Reference treasury dealer quotations means with respect to each reference treasury dealer and any redemption date, the average, as determined by the quotation agent, of the bid and asked prices for the comparable treasury issue (expressed in each case as a percentage of its principal amount) quoted in writing to the quotation agent by such reference treasury dealer at 5:00 p.m. on the third business day preceding such redemption date.

If less than all of a series of notes is to be redeemed at any time, selection of notes for redemption will be made by the trustee on a pro rata basis, by lot or by such method as the trustee deems fair and appropriate; provided that notes with a principal amount of less than \$101,000 will not be redeemed in part.

We will give to DTC a notice of redemption at least 30 but not more than 60 days before the redemption date. If any notes are to be redeemed in part only, the notice of redemption that relates to such notes will state the portion of the principal amount thereof to be redeemed. A new note in principal amount equal to the unredeemed portion thereof will be issued in the name of the holder thereof upon cancellation of the original note.

Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the notes or portions thereof called for redemption.

Special Situations

Mergers and Similar Events

We are generally permitted to consolidate or merge with another company or firm. We are also permitted to sell or lease substantially all of our assets to another firm, or to buy or lease substantially all of the assets of another firm. However, we may not take any of these actions unless all the following conditions are met:

- When we merge out of existence or sell or lease substantially all of our assets, the other firm may not be organized under a foreign country's laws, that is, it must be a corporation, partnership or trust organized under the laws of a state of the United States or the District of Columbia or under federal law, and it must agree to be legally responsible for the notes;
- The merger, sale of assets or other transaction must not cause a default on the notes, and we must not already be in default (unless the merger or other transaction would cure the default). For purposes of this no-default test, a default would include an event of default that has occurred and not been cured. A default for this purpose would also include any event that would be an event of default if the requirements for giving us default notice or our default having to exist for a specific period of time were disregarded; and
- It is possible that the merger, sale of assets or other transaction would cause some of the voting stock of our designated subsidiaries to become subject to a mortgage or other legal mechanism giving lenders preferential rights in that voting stock over the holders of the notes if they are not paid back. We and our designated subsidiaries have promised to limit these preferential rights on the voting stock of our designated subsidiaries, called liens, as discussed below under "Restrictive Covenant — Restriction on Liens." If a merger or other transaction would create any liens on the voting stock of our designated subsidiaries, we and our designated subsidiaries must comply with that restrictive covenant. We and our designated subsidiaries would do this by following the requirements of the restrictive covenant to grant an equivalent or higher-ranking lien on the voting stock of our designated subsidiaries to the holders of the notes.

If the conditions described above are satisfied with respect to the notes, we will not need to obtain the approval of the holders of the notes in order to merge or consolidate or to sell our assets. Also, these conditions will apply only if we wish to merge or consolidate with another entity or sell our assets substantially as an entirety to another entity. We will not need to satisfy these conditions if we enter into other types of transactions, including any transaction in which we acquire the stock or assets of another entity, any transaction that involves a change of control but in which we do not merge or consolidate and any transaction in which we sell less than substantially all of our assets.

Modification and Waiver of the Notes

There are three types of changes we can make to the indenture and the notes.

Changes Requiring Approval of All Holders

First, the following modifications would require the consent of the holder of each note affected thereby:

- change the stated maturity of the principal or interest on any note;
- reduce any amounts due on any note;
- reduce the amount of principal payable upon acceleration of the maturity of any note following a default;
- change the place of payment on any note;
- impair a holder's right to sue for payment;
- reduce the percentage of holders of notes of that series whose consent is needed to modify or amend the indenture;

- reduce the percentage of holders of notes of that series whose consent is needed to waive compliance with certain provisions of the indenture or to waive certain defaults; and
- modify any other aspect of the provisions dealing with modification and waiver of the indenture.

Changes Requiring a Majority Vote

The second type of change to the indenture and the notes is the kind that requires a vote in favor by holders of notes owning $66\frac{2}{3}\%$ of the principal amount of that series. Most changes fall into this category, except for clarifying changes and certain other changes that would not adversely affect holders of the notes. The same vote would be required for us to obtain a waiver of all or part of the restrictive covenant described below. We may obtain a waiver of a past default from the holders of notes owning a majority of the principal amount of the series affected. However, we cannot obtain a waiver of a payment default or any other aspect of the indenture or the notes listed in the first category described above under “—Changes Requiring Approval of All Holders” unless we obtain the individual consent of each holder to the waiver.

Changes Not Requiring Approval

The third type of change does not require any vote by holders of notes. This type is limited to clarifications and certain other changes that would not adversely affect holders of the notes.

Further Details Concerning Voting

The notes will not be considered outstanding, and therefore will not be eligible to vote, if we have deposited or set aside in trust for you money for their payment or redemption. The notes will also not be eligible to vote if they have been fully defeased as described below under “Defeasance — Full Defeasance.”

We will generally be entitled to set any day as a record date for the purpose of determining the holders of outstanding notes that are entitled to vote or take other action under the indenture. In limited circumstances, the trustee will be entitled to set a record date for action by holders. If we or the trustee set a record date for a vote or other action to be taken by holders of a particular series, that vote or action may be taken only by persons who are holders of outstanding notes of that series on the record date and must be taken within 90 days following the record date.

Restrictive Covenant

Restriction on Liens

Some of the voting stock of certain of our designated subsidiaries may be subject to a mortgage or other legal mechanism that gives lenders preferential rights in that voting stock of our designated subsidiaries over the holders of the notes if they are not paid back. These preferential rights are called liens. We promise that neither we nor our designated subsidiaries will become obligated on any new debt for borrowed money that is secured by a lien on any shares of voting stock of any of our designated subsidiaries, unless the holders of the notes (and, if we elect, any other holders of debt issued by AIG) are granted an equivalent or higher-ranking lien on the same property.

Certain Definitions Relating to the Restriction on Liens

Following are the meanings of the terms that are important in understanding the restrictive covenant previously described.

Designated subsidiary means American Home Assurance Company, National Union Fire Insurance Company of Pittsburgh, Pa., and any subsidiary the assets of which, determined as of the last day of the most recent calendar quarter ended at least 30 days prior to the date of determination and in accordance with generally accepted accounting principles as in effect on the last day of that calendar quarter, exceed 20% of our consolidated assets.

Subsidiary means a corporation, partnership or trust in which we and/or one or more of our other subsidiaries own at least 50% of the voting stock, which is a kind of stock that ordinarily permits its owners to vote for election of directors.

Our consolidated assets mean our assets and the assets of our consolidated subsidiaries, to be determined as of the last day of the most recent calendar quarter ended at least 30 days prior to the date of the determination and in accordance with generally accepted accounting principles as in effect on the last day of that calendar quarter.

Except as noted above, the indenture does not restrict our ability to put liens on our interests in subsidiaries other than certain of our designated subsidiaries, nor does the indenture restrict our ability to sell or otherwise dispose of our interests in any of our subsidiaries. In addition, the restriction on liens in the indenture applies only to liens that secure debt for borrowed money. For example, liens imposed by operation of law, such as liens to secure statutory obligations for taxes or workers' compensation benefits, or liens we create to secure obligations to pay legal judgments or surety bonds, would not be covered by this restriction.

Defeasance

Full Defeasance

If there is a change in U.S. federal tax law, as described below, we can legally release ourselves from any payment or other obligations on the notes of either series, called full defeasance, if we put in place the following other arrangements for holders to be repaid:

- We must deposit in trust for the benefit of all holders of the notes of that series a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the notes of that series on their various due dates;
- There must be a change in current U.S. federal tax law or an IRS ruling that lets us make the above deposit without causing the holders to be taxed on the notes any differently than if we did not make the deposit and just repaid the notes ourselves. Under current federal tax law, the deposit and our legal release from the obligations pursuant to the notes would be treated as though we took back your notes and gave you your share of the cash and notes or bonds deposited in trust. In that event, you could recognize gain or loss on the notes you give back to us; and
- We must deliver to the trustee a legal opinion of our counsel confirming the tax law change described above.

If we ever did accomplish full defeasance, as described above, you would have to rely solely on the trust deposit for repayment on the notes. You could not look to us for repayment in the unlikely event of any shortfall.

Covenant Defeasance

Under current U.S. federal tax law, we can make the same type of deposit as described above and we will be released from the restrictive covenants under the notes of either series. This is called covenant defeasance. In that event, you would lose the protection of these restrictive covenants but would gain the protection of having money and securities set aside in trust to repay the notes of that series. In order to achieve covenant defeasance, we must do the following:

- We must deposit in trust for the benefit of all holders of the notes of that series a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the notes of that series on their various due dates; and
- We must deliver to the trustee a legal opinion of our counsel confirming that under current U.S. federal income tax law we may make the above deposit without causing the holders to be taxed on the notes any differently than if we did not make the deposit and just repaid the notes ourselves.

If we accomplish covenant defeasance in respect of a series of notes, the following provisions of the indenture and the notes of that series would no longer apply:

- Our promise not to create liens on the voting stock of our designated subsidiaries described above under “Restrictive Covenant — Restriction on Liens”;
- The condition regarding the treatment of liens when we merge or engage in similar transactions, as previously described above under “Special Situations — Mergers and Similar Events”; and
- The events of default relating to breach of covenants and acceleration of maturity, described below under “Events of Default — What Is an Event of Default.”

If we accomplish covenant defeasance in respect of a series of notes, you can still look to us for repayment of the notes of that series if there were a shortfall in the trust deposit. In fact, if one of the remaining events of default occurred (such as a bankruptcy) and the notes become immediately due and payable, there may be such a shortfall.

Events of Default

You will have special rights if an event of default occurs and is not cured, as described later in this subsection.

What Is an Event of Default?

The term “Event of Default” means, in respect of each series of notes, any of the following:

- We do not pay the principal or any premium on any note of that series on its due date.
- We do not pay interest on any note of that series within 30 days of its due date.
- We remain in breach of the restrictive covenant described above or any other term of the indenture for 60 days after we receive a notice of default stating we are in breach. The notice must be sent by either the trustee or holders of 25% of the principal amount of notes of that series.
- If an event of default occurs with respect to a different series of debt securities issued under the indenture and our obligation to repay such other series of debt securities is accelerated, and this repayment obligation remains accelerated for 30 days after we receive a notice of default by the trustee or holders of 10% of the principal amount of the debt securities of that series.
- We file for bankruptcy or certain other events of bankruptcy, insolvency or reorganization occur with respect to us.

Remedies if an Event of Default Occurs

If an event of default occurs, the trustee will have special duties. In that situation, the trustee will be obligated to use those of its rights and powers under the indenture, and to use the same degree of care and skill in doing so, that a prudent person would use in that situation in conducting his or her own affairs. If an event of default has occurred and has not been cured with respect to notes of a series, the trustee or the holders of at least 25% in principal amount of the notes of that series may declare the entire principal amount of all the notes of that series to be due and immediately payable. This is called a declaration of acceleration of maturity. However, a declaration of acceleration of maturity may be cancelled, but only before a judgment or decree based on the acceleration has been obtained, by the holders of at least a majority in principal amount of the notes of that series.

Except in cases of default, where the trustee has the special duties described above, the trustee is not required to take any action under the indenture at the request of any holders unless the holders offer the trustee reasonable protection from expenses and liability called an indemnity. If reasonable indemnity is provided, the holders of a majority in principal amount of the outstanding notes of the relevant series may direct the time, method and place of conducting any lawsuit or other formal legal action seeking any remedy

available to the trustee. These majority holders may also direct the trustee in performing any other action under the indenture with respect to the notes of that series.

Before you bypass the trustee and bring your own lawsuit or other formal legal action or take other steps to enforce your rights or protect your interests relating to the notes the following must occur:

- the registered holder of your note must give the trustee written notice that an event of default has occurred and remains uncured;
- the holders of 25% in principal amount of all outstanding notes of that series must make a written request that the trustee take action because of the default, and must offer reasonable indemnity to the trustee against the cost and other liabilities of taking that action; and
- the trustee must have not taken action for 60 days after receipt of the above notice and offer of indemnity.

However, you are entitled at any time to bring a lawsuit for the payment of money due on your note on or after its due date.

We will give to the trustee every year a written statement of certain of our officers certifying that to their knowledge we are in compliance with the indenture and the notes, or else specifying any default.

Concerning the Trustee

The Bank of New York from time to time provides normal banking services to us and our subsidiaries.

Governing Law

The indenture and the notes will be governed by, and construed in accordance with, the laws of the State of New York.

Book-Entry System

We will issue the new notes in book-entry form. This means that each of the new five-year notes and the new ten-year notes will be represented by one or more global notes deposited on behalf of DTC as “depository” for the notes, and registered in the name of Cede & Co. as DTC’s nominee. DTC will hold the notes as depository on behalf of other financial institutions that participate in the book-entry system of DTC (the “DTC participants”). These DTC participants, in turn, hold beneficial interests in the notes on behalf of themselves or their customers. Investors will not own notes issued in global form directly. Instead, they will own beneficial interests in a global note through a bank, broker or other financial institution that is itself a DTC participant or holds an interest through a DTC participant.

An investor will be an indirect holder and must look to its bank or broker for payments on the notes and protection of its legal rights relating to the notes. DTC has advised us that it will take any action permitted to be taken by a holder of new notes only at the direction of one or more DTC participants whose accounts are credited with DTC interests in a global note.

DTC has advised us that pursuant to procedures established by it (1) upon the issuance by us of the global notes representing the new notes, DTC or its nominee will credit the accounts of participants with the aggregate principal amount of the individual beneficial interest represented by these global notes and (2) ownership of beneficial interests in the new notes will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC with respect to its participants’ interests, the participants and the indirect participants. The laws of some jurisdictions require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in the global notes is limited to such extent.

So long as a nominee of DTC is the registered owner of the global notes, such nominee will be considered the sole owner or holder of the global notes for all purposes under the indenture. Except as provided below, owners of beneficial interests in the global notes will not be entitled to have the new notes registered in their

names, will not receive or be entitled to receive physical delivery of the new notes in definitive form and will not be considered the owners or holders thereof under the indenture.

Transfers of interests in a global note will be made by book-entry registration of each transfer within the records of DTC, in accordance with its procedures. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC's rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System.

Principal and interest payments on the new notes will be made to DTC by wire transfer of immediately available funds. DTC's practice is to credit participants' accounts on the payable date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on the payable date. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name" and will be the responsibility of such participant and not of DTC or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to DTC is our responsibility, disbursement of such payments to participants is the responsibility of DTC, and disbursement of such payments to the beneficial owners is the responsibility of participants and indirect participants. Neither we nor the trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in the global notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

DTC may discontinue providing its services as securities depository with respect to the notes at any time by giving reasonable notice to us.

New notes represented by a global note will be exchangeable for note certificates with the same terms in authorized denominations only if:

- DTC notifies us that it is unwilling or unable to continue as depository or if DTC ceases to be a clearing agency registered under applicable law and a successor depository is not appointed by us within 90 days;
- we determine not to require all of the notes of a series to be represented by a global note and notify the trustee of our decision; or
- an Event of Default has occurred with respect to the notes of a series and has not been cured.

In any such instance, an owner of a beneficial interest in the global notes will be entitled to physical delivery in definitive form of new notes represented by the global notes equal in principal amount to such beneficial interest and to have such notes registered in its name. New notes so issued in definitive form will be issued as registered notes in minimum denominations of \$100,000 and integral multiples of \$1,000 in excess thereof, unless otherwise specified by us. Our definitive notes can be transferred by presentation for registration to the registrar at its New York offices and must be duly endorsed by the holder or his attorney duly authorized in writing, or accompanied by a written instrument or instruments of transfer in form satisfactory to us or the trustee duly executed by the holder or his attorney duly authorized in writing. We may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any exchange or registration of transfer of definitive notes.

DTC has advised us as follows: DTC is a limited purpose trust company organized under the laws of the State of New York, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions, such as transfers and pledges, among participants in deposited securities through electronic book-entry charges to accounts of its participants, thereby eliminating the need for physical movement of securities certificates. Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Certain of such participants (or

other representatives), together with other entities, own DTC. The rules applicable to DTC and its participants are on file with the SEC.

Global Clearance and Settlement Procedures

As long as DTC is the depository for the global notes, you may hold an interest in a global note through any organization that participates, directly or indirectly, in the DTC system. Those organizations include Euroclear Bank S.A./N.V., as operator of the Euroclear system, referred to as Euroclear, and Clearstream Banking, société anonyme, Luxembourg, known as Clearstream, Luxembourg. If you are a participant in either of those systems, you may hold your interest directly in that system. If you are not a participant, you may hold your interest indirectly through organizations that are participants in that system. If you hold your interest indirectly, you should note that DTC, Euroclear and Clearstream, Luxembourg will have no record of you or your relationship with the direct participant in their systems.

Euroclear and Clearstream, Luxembourg are securities clearance systems in Europe, and they participate indirectly in DTC. Euroclear and Clearstream, Luxembourg will hold interests in the global notes on behalf of the participants in their systems, through securities accounts they maintain in their own names for their customers on their own books or on the books of their depositories. Those depositories, in turn, are participants in DTC and hold those interests in securities accounts they maintain in their own names on the books of DTC. Citibank, N.A. acts as depository for Clearstream, Luxembourg and The Chase Manhattan Bank acts as depository for Euroclear, Clearstream, Luxembourg and Euroclear clear and settle securities transactions between their participants through electronic, book-entry delivery of securities against payment.

If you hold an interest in a global note through Clearstream, Luxembourg or Euroclear, that system will credit the payments we make on your note to the account of your Clearstream, Luxembourg or Euroclear participant in accordance with that system's rules and procedures. The participant's account will be credited only to the extent that the system's depository receives these payments through the DTC system. Payments, notices and other communications or deliveries relating to the notes, if made through Clearstream, Luxembourg or Euroclear, must comply not only with the rules and procedures of those systems, but also with the rules and procedures of DTC, except as described below.

Trading in the notes between Clearstream, Luxembourg participants or between Euroclear participants will be governed only by the rules and procedures of that system. We understand that, at present, those systems' rules and procedures applicable to trades in conventional eurobonds will apply to trades in the notes, with settlement in immediately available funds.

Cross-market transfers of the notes — meaning transfers between investors who hold or will hold their interests through Clearstream, Luxembourg or Euroclear, on the one hand, and investors who hold or will hold their interests through DTC but not through Clearstream, Luxembourg or Euroclear, on the other hand — will be governed by DTC's rules and procedures in addition to those of Clearstream, Luxembourg or Euroclear. If you hold your note through Clearstream, Luxembourg or Euroclear and you wish to complete a cross-market transfer, you will need to deliver transfer instructions and payment, if applicable, to Clearstream, Luxembourg or Euroclear, through your participant, and that system in turn will need to deliver them to DTC, through that system's depository.

Because of time-zone differences between the United States and Europe, any notes you purchase through Clearstream, Luxembourg or Euroclear in a cross-market transfer will not be credited to your account at your Clearstream, Luxembourg or Euroclear participant until the business day after the DTC settlement date. For the same reason, if you sell the notes through Clearstream, Luxembourg or Euroclear in a cross-market transfer, your cash proceeds will be received by the depository for that system on the DTC settlement date but will not be credited to your participant's account until the business day following the DTC settlement date. In this context, "business day" means a business day for Clearstream, Luxembourg or Euroclear.

The description of the clearing and settlement systems in this section reflects our understanding of the rules and procedures of DTC, Clearstream, Luxembourg and Euroclear as currently in effect. Those systems could change their rules and procedures at any time. We have no control over those systems and we take no responsibility for their activities.

IMPORTANT FEDERAL INCOME TAX CONSIDERATIONS

The exchange of the old notes for new notes will not be treated as a taxable transaction for U.S. federal income tax purposes. Your basis and holding period in the new notes will equal your basis and holding period in the old notes exchanged for them.

You should consult your own tax advisors concerning the tax consequences arising under state, local or foreign laws.

PLAN OF DISTRIBUTION

Each broker-dealer that receives new notes for its own account in connection with the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of those new notes. A broker-dealer may use this prospectus, as amended or supplemented from time to time, in connection with resales of new notes received in exchange for old notes where such broker-dealer acquired old notes as a result of market-making activities or other trading activities. We have agreed that for a period of 30 days after the expiration date of the exchange offer, we will make available a prospectus, as amended or supplemented, meeting the requirements of Securities Act to any broker-dealer for use in connection with those resales.

We will not receive any proceeds from any sale of new notes by broker-dealers. Broker-dealers may sell new notes received by them for their own account pursuant to the exchange offer from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the new notes or a combination of those methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any broker-dealer or the purchasers of any new notes.

Any broker-dealer that resells new notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such new notes may be deemed to be an "underwriter" within the meaning of the Securities Act and any profit on any such resale of new notes and any commission or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

For a period of 30 days after the expiration date of the exchange offer, we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests these documents in the letter of transmittal. We have agreed to pay all expenses incident to the exchange offer, other than commission or concessions of any broker or dealers.

VALIDITY OF THE NOTES

The validity of the new notes will be passed upon by Sullivan & Cromwell LLP, New York, New York. Partners of Sullivan & Cromwell LLP involved in the representation of AIG beneficially own approximately 11,360 shares of AIG common stock.

Item 20. Indemnification of Directors and Officers

The amended and restated certificate of incorporation of AIG provides that AIG shall indemnify to the full extent permitted by law any person made, or threatened to be made, a party to an action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he or she, his or her testator or intestate is or was a director, officer or employee of AIG or serves or served any other enterprise at the request of AIG. Section 6.4 of AIG's by-laws contains a similar provision.

The amended and restated certificate of incorporation also provides that a director will not be personally liable to AIG or its shareholders for monetary damages for breach of fiduciary duty as a director, except to the extent that the exemption from liability or limitation thereof is not permitted by the Delaware General Corporation Law.

Section 145 of the Delaware General Corporation Law permits indemnification against expenses, fines, judgments and settlements incurred by any director, officer or employee of a company in the event of pending or threatened civil, criminal, administrative or investigative proceedings, if such person was, or was threatened to be made, a party by reason of the fact that he is or was a director, officer or employee of the company. Section 145 also provides that the indemnification provided for therein shall not be deemed exclusive of any other rights to which those seeking indemnification may otherwise be entitled.

In addition, AIG and its subsidiaries maintain a directors' and officers' liability insurance policy.

Item 21. Exhibits and Financial Statement Schedules

See Exhibits Index which is incorporated herein by reference.

Item 22. Undertakings

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any fact or events arising after the effective date of this registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement; notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unexchanged at the termination of the offering.

(4) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(5) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(6) To respond to requests for information that is incorporated by reference into the prospectus pursuant to Item 4, 10(b), 11, or 13 of this form, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

(7) To supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

SIGNATURES

Pursuant to the requirements of the Securities Act, the registrant has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in The City of New York, State of New York, on this 19th day of July, 2006.

as Trustee
=====

RECITALS:

WHEREAS, the Company has heretofore executed and delivered to The Bank of New York, as trustee, an Indenture, dated as of July 15, 1989 (the "Basic Indenture"), and the First Supplemental Indenture, dated May 15, 2003 (the "First Supplemental Indenture" and together with the Basic Indenture, the "Existing Indenture") and the Existing Indenture, as the same may be amended or supplemented from time to time, including by this Second Supplemental Indenture, the "Indenture"), providing for the issuance from time to time of the Company's unsecured debentures, notes or other evidences of indebtedness (herein and therein called the "Securities"), to be issued in one or more series as provided in the Indenture;

If an Event of Default with respect to Notes of this series shall occur and be continuing, the principal of the Notes of this series may be declared due and payable in the manner and with the effect provided in the Indenture.

As provided in the Indenture and subject to certain limitations therein set forth, the transfer of this Note is registrable in the Security Register, upon surrender of this Note for registration of transfer at the office or agency of the Company in any place where the principal of (and premium, if any) and interest on this Note are payable, duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Company and the Security Registrar duly executed by, the Holder hereof or his attorney duly authorized in writing, and thereupon one or more new Notes of this series and of like tenor, of authorized denominations and for the same aggregate principal amount, will be issued to the designated transferee or transferees.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Prior to due presentment of this Note for registration of transfer, the Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Note is registered as the owner hereof for all purposes, whether or not this Note be overdue, and neither the Company, the Trustee nor any such agent shall be affected by notice to the contrary.

A Note that is not a Global Note may be transferred, in whole or in part, to a Person who takes delivery in the form of another Note that is not a Global Note as provided in Section 305 of the Existing Indenture, provided that, if the Note to be transferred in whole or in part is a Restricted Note, or is a Regulation S Note and the transfer is to occur during the Restricted Period, then the Trustee shall have received (i) a Restricted Notes Certificate, satisfactory to the Company and duly executed by the transferor Holder or his attorney duly authorized in writing, in which case the transferee Holder shall take delivery in the form of a Restricted Note or (ii) a Regulation S Certificate, satisfactory to the Company and duly executed by the transferor Holder or his attorney duly authorized in writing, in which case the transferee Holder shall take delivery in the form of a Regulation S Note.

(ii) Restricted Global Note to Regulation S Global Note. If the owner of a beneficial interest in the Restricted Global Note wishes at any time to transfer such interest to a Person who wishes to acquire the same in the form of a beneficial interest in the Regulation S Global Note of the same series, such transfer may be effected only in accordance with the provisions of this Section 2.6(a)(ii) and Section 2.6(a)(iv) below and subject to the Applicable Procedures. Upon receipt by the Trustee, as Security Registrar, of (i) an order given by the

Depository or its authorized representative directing that a beneficial interest in the Regulation S Global Note in a specified principal amount be credited to a specified Agent Member's account and that a beneficial interest in the Restricted Global Note in an equal amount be debited from another specified Agent Member's account and (ii) a Regulation S Certificate, satisfactory to the Company and duly executed by the Holder of such Restricted Global Note or his attorney duly authorized in writing, then the Trustee, as Security Registrar but subject to Section 2.6(a) (iv) below, shall reduce the principal amount of such Restricted Global Note and increase the principal amount of such Regulation S Global Note by such specified principal amount.

(iii) Regulation S Global Note to Restricted Global Note. If the owner of a beneficial interest in the Regulation S Global Note wishes at any time to transfer such interest to a Person who wishes to acquire the same in the form of a beneficial interest in the Restricted Global Note of the same series, such transfer may be effected only in accordance with this Section 2.6(a) (iii) and subject to the Applicable Procedures. Upon receipt by the Trustee, as Security Registrar, of (i) an order given by the Depository or its authorized representative directing that a beneficial interest in the Restricted Global Note in a specified principal amount be credited to a specified Agent Member's account and that a beneficial interest in the Regulation S Global Note in an equal principal amount be debited from another specified Agent Member's account and (ii) if such transfer is to occur during the Restricted Period, a Restricted Notes Certificate, satisfactory to the Company and duly executed by the Holder of such Regulation S Global Note or his attorney duly authorized in writing, then the Trustee, as Security Registrar, shall reduce the principal amount of such Regulation S Global Note and increase the principal amount of such Restricted Global Note by such specified principal amount. If transfers under this Section 2.6(a) (iii) occur after the Restricted Period, no Restricted Notes Certificate will be required and the beneficial interest in the Regulation S Global Note so transferred shall be credited to an Agent Member's account in a Global Note that does not bear a Securities Act Legend.

(iv) Regulation S Global Note to be Held Through Euroclear or Clearstream during Restricted Period. The Company shall use its best efforts to cause the Depository to ensure that, until the expiration of the Restricted Period, beneficial interests in the Regulation S Global Note may be held only in or through accounts maintained at the Depository by Euroclear and Clearstream (or by Agent Members acting for the account thereof), and no person shall be entitled to effect any transfer or exchange that would result in any such interest being held otherwise than in or through such an account; provided that this Section 2.6(a) (iv) shall not prohibit any transfer or exchange of such an interest in accordance with Section 2.6(a) (iii) above.

(b) Securities Act Legends. Rule 144A Notes and their Successor Notes shall bear the Restricted Notes Legend and Regulation S Notes and their Successor Notes shall bear the Regulation S Legend, subject to the following:

(i) subject to the following Clauses of this Section 2.6(b), a Note or any portion thereof which is exchanged, upon transfer or otherwise, for a Global Note or any portion thereof shall bear the Securities Act Legend borne by such Global Note while represented thereby;

(ii) subject to the following Clauses of this Section 2.6(b), a new Note which is not a Global Note and is issued in exchange for another Note (including a Global Note) or any portion thereof, upon transfer or otherwise, shall bear the Securities Act Legend borne by such other Note, provided that, if such new Note is required pursuant to Section 2.6(a) to be issued in the form of a Restricted Note, it shall bear the Restricted Notes Legend and, if such new Note is so required to be issued in the form of a Regulation S Note, it shall bear the Regulation S Legend;

(iii) at any time when a Note has been transferred in a manner, or a sufficient amount of time has elapsed, so that a Note may be transferred without registration or limitation under the Securities Act, a new Note which does not bear a Securities Act Legend may be issued in exchange for or in lieu of a Note which bears such a legend if the Trustee has received an Unrestricted Notes Certificate, satisfactory to the Company and duly executed by the Holder of such legended Note or his attorney duly authorized in writing, and after such date and receipt of such certificate, the Trustee shall authenticate and deliver such a new Note in the manner provided for in the Existing Indenture.

(iv) a new Note which does not bear a Securities Act Legend may be issued in exchange for or in lieu of a Note (other than a Global Note) or any portion thereof which bears such a legend if, in the judgment of the Company, placing such a legend upon such new Note is not necessary to ensure compliance with the registration requirements of the Securities Act, and the Trustee, at the direction of the Company, shall authenticate and deliver such a new Note as provided in this Article Two; and

(v) notwithstanding the foregoing provisions of this Section 2.6(b), a Successor Note of a Note that does not bear a particular form of Securities Act Legend shall not bear such form of legend unless the Company has reasonable cause to believe that such Successor Note is a "restricted security" within the meaning of Rule 144, in which case the Trustee, at the direction of the Company, shall authenticate and deliver a new Note bearing the Restricted Notes Legend in exchange for such Successor Note as provided in this Article Two.

Ladies and Gentlemen:

In connection with the registration under the Securities Act of 1933 (the "Act") of \$500,000,000 principal amount of 4.700% Notes Due 2010 (the "5-Year Notes") and \$1,000,000,000 principal amount of 5.050% Notes Due 2015 (together with the 5-Year Notes, the "Securities") of American International Group, Inc., a Delaware corporation (the "Company"), to be issued pursuant to the Indenture, dated as of July 15, 1989, as supplemented by the First Supplemental Indenture, dated as of May 15, 2003, and the Second Supplemental Indenture, dated as of September 30, 2005 (together, the "Indenture"), between the Company and The Bank of New York, as Trustee (the "Trustee"), we, as your counsel, have examined such corporate records, certificates and other documents, and

such questions of law, as we have considered necessary or appropriate for the purposes of this opinion.

Upon the basis of such examination, we advise you that, in our opinion, when the Registration Statement has become effective under the Act, and the Securities have been duly executed and authenticated in accordance with the Indenture and issued and delivered in exchange for the Company's outstanding 4.700% Notes Due 2010 and 5.050% Notes Due 2015 as contemplated by the Registration Statement, the Securities will constitute valid and legally binding obligations of the Company, subject to bankruptcy, insolvency, fraudulent transfer, reorganization, moratorium and similar laws of general applicability relating to or affecting creditors' rights and to general equity principles.

The foregoing opinion is limited to the Federal laws of the United States, the laws of the State of New York and the General Corporation Law of the State of Delaware, and we are expressing no opinion as to the effect of the laws of any other jurisdiction.

We have relied as to certain factual matters on information obtained from public officials, officers of the Company and other sources believed by us to be responsible,

and we have assumed that the Indenture has been duly authorized, executed and delivered by the Trustee, that the Securities will conform to the specimens thereof examined by us and that the signatures on all documents examined by us are genuine, assumptions which we have not independently verified.

We hereby consent to the filing of this opinion as an exhibit to the Registration Statement and to the reference to us under the heading "Validity of the Notes" in the Prospectus. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Act.

Very truly yours,

EXCEPT AS OTHERWISE PROVIDED BELOW, THE DELIVERY WILL BE DEEMED MADE ONLY WHEN ACTUALLY RECEIVED OR CONFIRMED BY THE EXCHANGE AGENT. IF DELIVERY IS BY MAIL, REGISTERED MAIL WITH RETURN RECEIPT REQUESTED, PROPERLY INSURED, IS RECOMMENDED. THE LETTER OF TRANSMITTAL SHOULD NOT BE SENT TO THE COMPANY.

No alternative, conditional or contingent tenders will be accepted. All tendering holders of Old Notes, by execution of this Letter of Transmittal (or facsimile hereof, if applicable), waive any right to receive notice of the acceptance of their Old Notes for exchange.

3. Inadequate Space.

If the space provided in the box entitled “Description of Old Notes” above is inadequate, the principal amounts of the Old Notes being tendered should be listed on a separate signed schedule affixed hereto.

4. Withdrawals.

A tender of Old Notes may be withdrawn at any time prior to the Expiration Date by delivery of an Automated Tender Offer Program electronic transmission notice of withdrawal and the Exchange Agent must receive the electronic notice of withdrawal from the Depository prior to the Expiration Date. Withdrawals of tenders of Old Notes may not be

rescinded, and any Old Notes withdrawn will thereafter be deemed not validly tendered for purposes of the Exchange Offer, and no New Notes will be issued with respect thereto unless the Old Notes so withdrawn are validly retendered. Properly withdrawn Old Notes may be retendered by following one of the procedures described in the section of the Prospectus entitled “The Exchange Offer — Procedures for Tendering” at any time prior to the Expiration Date.

5. Partial Tenders.

Tenders of Old Notes will be accepted only in minimum denominations of \$100,000 and integral multiples of \$1,000 in excess thereof; *provided, however*, that a note in principal amount of less than \$200,000 may not be tendered in part. If a tender for exchange is to be made with respect to less than the entire principal amount of any Old Notes, fill in the principal amount of Old Notes which are tendered for exchange in column (3) of the box entitled “Description of Old Notes.” In case of a partial tender for exchange, the untendered principal amount of the Old Notes will be credited to Depository account of the tendering holder, unless otherwise indicated in the appropriate box on this Letter of Transmittal, as promptly as practicable after the expiration or termination of the Exchange Offer.

6. Signatures on this Letter of Transmittal and Powers of Attorney.

The signature(s) of the holder of Old Notes on this Letter of Transmittal must correspond with the name of such holder as it appear on a security position listing maintained by the Depository, without any change whatsoever.

When this Letter of Transmittal is signed by the holder of the Old Notes listed and transmitted hereby, no separate powers of attorney are required. If, however, Old Notes not tendered or not accepted are to be issued or returned to a person other than the holder of Old Notes, then the Old Notes transmitted hereby must be accompanied by appropriate powers of attorney in a form satisfactory to the Company, in either case signed exactly as the name(s) of the holder of Old Notes appear(s) on a security position listing maintained by the Depository. Signatures on such powers of attorney must be guaranteed by an Eligible Institution (unless signed by an Eligible Institution).

If this Letter of Transmittal or powers of attorney are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing, and proper evidence satisfactory to the Company of their authority so to act must be submitted.

7. Transfer Taxes.

Except as set forth in this Instruction 7, the Company will pay all transfer taxes, if any, applicable to the transfer and exchange of Old Notes pursuant to the Exchange Offer. 8. Irregularities.

All questions as to the form of documents and the validity, eligibility (including time of receipt), acceptance and withdrawal of Old Notes will be determined by the Company, in its sole discretion, whose determination shall be final and binding. The Company reserves the absolute right to reject any or all tenders for exchange of any particular Old Notes that are not in proper form, or the acceptance of which would, in the opinion of the Company (or its counsel), be unlawful. The Company reserves the absolute right to waive any defect, irregularity or condition of tender for exchange with regard to any particular Old Notes. The Company’s interpretation of the terms of, and conditions to, the Exchange Offer (including the instructions herein) will be final and binding. Unless waived, any defects or irregularities in connection with the Exchange Offer must be cured within such time as the Company shall determine. Neither the Company, the Exchange Agent nor any other person shall be under any duty to give notice of any defects or irregularities in Old Notes tendered for exchange, nor shall any of them incur any liability for failure to give such notice. A tender of Old Notes will not be deemed to have been made until all defects and irregularities with respect to such tender have been cured or waived. Any Old Notes received by the Exchange Agent that are not properly tendered and as to which the

defects or irregularities have not been cured or waived will be returned by the Exchange Agent to the tendering holders, unless otherwise provided in this Letter of Transmittal, as soon as practicable following the Expiration Date.

9. Waiver of Conditions.

 3. From and after the Effective Time, you are hereby authorized and directed to accept and to examine each of the Letters of Transmittal and confirmation of book-entry transfer into your account at
-

DTC and any other documents delivered or mailed to you by or for holders of the Old Notes to ascertain whether: (i) the Letters of Transmittal (or the instructions from DTC (the “DTC Transmissions”)) contain the proper information required to be set forth therein and any such other documents (including a Notice of Guaranteed Delivery, substantially in the form attached hereto as Exhibit B (the “Notice of Guaranteed Delivery”)) are duly executed and properly completed in accordance with instructions set forth therein; and (ii) that book-entry confirmations are in due and proper form and contain the information required to be set forth therein. In each case where the Letter of Transmittal or any other document has been improperly completed or executed (or any DTC Transmission is not in due and proper form or omits required information) or some other irregularity in connection with the acceptance of the Exchange Offer exists, you will endeavor to inform the Holders of the need for fulfillment of all requirements. If such condition is not promptly remedied by the Holder, you shall report such condition to the Company and await its direction. All questions as to the validity, form, eligibility (including timeliness of receipt), acceptance and withdrawal of any Old Notes tendered or delivered shall be determined by the Company, in its sole discretion.

4. You are authorized to request from any person tendering Old Notes to provide you with such additional documents as you or the Company deems appropriate. You are hereby authorized and directed to process withdrawals of tenders to the extent withdrawal thereof is authorized by the Exchange Offer.

5. The Company reserves the absolute right (i) to reject any or all tenders of any particular Old Note determined by the Company not to be in proper form or the acceptance or exchange of which may, in the opinion of Company’s counsel, be unlawful and (ii) to waive any of the conditions of the Exchange Offer or any defects, irregularities or conditions to the tender of any particular Old Note, and the Company’s interpretation of the terms and conditions of the Exchange Offer (including the Letter of Transmittal and Notice of Guaranteed Delivery and the instructions set forth therein) will be final and binding.

6. With the approval of the Chief Executive Officer, Chief Financial Officer or Treasurer, of the Company (such approval, if given orally, to be promptly confirmed in writing) or any other officer of the Company designated by the Chief Executive Officer (each an “Authorized Officer”), you are authorized to waive any irregularities in connection with any tender of Old Notes pursuant to the Exchange Offer.

7. Tenders of Old Notes may be made only as set forth in the Letter of Transmittal and in the section of the Prospectus captioned “The Exchange Offer — Procedures for Tendering,” and Old Notes shall be considered properly tendered to you only when tendered in accordance with the procedures set forth therein.

Notwithstanding the provisions of this Section 7, Old Notes which an Authorized Officer shall approve as having been properly tendered shall be considered to be properly tendered (such approval, if given orally, shall be promptly confirmed in writing).

8. You shall advise the Company with respect to any Old Notes received subsequent to the Expiration Date and accept the Company’s written instructions with respect to disposition of such Old Notes.

9. Upon satisfaction or waiver of all of the conditions to the Exchange Offer, the Company will notify you (such notice, if given orally, to be promptly confirmed in writing) of its acceptance, promptly after the Expiration Date, of all Old Notes properly tendered and you, on behalf of the Company, will exchange such Old Notes for New Notes and cause such Old Notes to be cancelled and delivered to the Company. Delivery of New Notes will be made on behalf of the Company by you, and each \$1,000 principal amount of Old Notes of a series shall be exchanged for an equal principal amount of New Notes of the corresponding series; *provided, however*, that New Notes shall only be issued in denominations of \$100,000 and integral multiples of \$1,000 in excess thereof, such delivery shall be made promptly after notice (such notice if given orally, to be promptly confirmed in writing) of acceptance of said Old Notes by the Company; *provided, however*, that in all cases, Old Notes tendered pursuant to the Exchange Offer will be exchanged only after timely receipt by you of confirmation of book-entry transfer into your

account at DTC, a properly completed and duly executed Letter of Transmittal (or manually signed facsimile thereof) with any required signature guarantees (or DTC Transmission) and, if applicable, a Notice of Guaranteed Delivery, and any other required documents.

10. Tenders pursuant to the Exchange Offer are irrevocable, except that, subject to the terms and upon the conditions set forth in the Prospectus and the Letter of Transmittal, Old Notes tendered pursuant to the Exchange Offer may be withdrawn at any time prior to the Expiration Date.

11. The Company shall not be required to exchange any Old Notes tendered if any of the conditions set forth in the Exchange Offer are not met. Notice of any decision by the Company not to exchange any Old Notes tendered shall be given (if given orally, to be promptly confirmed in writing) by the Company to you.

12. If, pursuant to the Exchange Offer, the Company does not accept for exchange all or part of the Old Notes tendered because of an invalid tender, the occurrence of certain other events set forth in the Prospectus under the captions "The Exchange Offer — Terms of the Exchange Offer" or "The Exchange Offer — Conditions to the Exchange Offer" or otherwise, you shall as soon as practicable after the expiration or termination of the Exchange Offer effect appropriate book-entry transfer, together with any related required documents that are in your possession, to the persons who deposited them.

13. You are not authorized to pay or offer to pay any concessions, commissions or solicitation fees to any broker, dealer, bank or other persons or to engage or utilize any person to solicit tenders.

14. As Exchange Agent hereunder you:

(a) shall not be liable for any action or omission to act unless the same constitutes your own negligence, willful misconduct or bad faith, and in no event shall you be liable to the Company for special, indirect or consequential damages, or lost profits, arising in connection with this Agreement;

(g) may conclusively rely on and shall be protected in acting upon written or oral instructions from any authorized officer of the Company or from Company's counsel;

(h) may consult with counsel of your selection with respect to any questions relating to your duties and responsibilities and the advice or opinion of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted to be taken by you hereunder in good faith and in accordance with the advice or opinion of such counsel; and
