** The issuer expects that delivery of the Notes will be made to investors on or about September 24, 2026, which is the seventh business day following the date of the pricing of the Notes. Under Rule 15c6-1 of the U.S. Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle on the first business day following the date of any contract for sale, unless the parties to a trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Notes on any date prior to the first business day before the settlement date will be required to specify an alternative settlement cycle at the time of the trade to prevent a failed settlement and should consult their own advisers in connection with that election.
